## Directions regarding use of stationery

1. Please label every item **permanently**
2. Your Notebook Computer will be used extensively for classwork. It must be taken to every class, unless directed otherwise (e.g. Physical Education) and it is your responsibility to ensure it is fully charged for the start of the School day.
3. **Label** the four green binder books as follows –
  - Science
  - RAVE
  - PE/Health
  - Elective**Note:** You may not need a binder book for the elective. If it is not necessary, you will be able to use the unused book during second semester.
4. Label the 4 Polypropylene Covered binder books as follows –
  - Geography and History (You will study one in Semester 1 and one in Semester 2)
  - Two (2) for Languages (Japanese and French)

1. Save your other plastic pockets for storing assignments to be handed in for assessment.
2. The packet of lined A4 looseleaf is for assignments, not normal classwork (several pages kept in each folder is worthwhile). All classwork should be completed in the appropriate binder book, unless your teacher directs you otherwise.
3. Please note it is against school policy for liquid paper or similar products to be used.
4. For students who do not continue with Japanese and instead enrol in Literacies in Context (LinC), Display folder 7 should be used for this subject.
5. For students who do not continue with French, a display folder will be purchased by the School for use in LinC and charged to the student's School account.

In addition to the above stationery, various subjects have workbooks that will be distributed during classes at the beginning of next year, or sooner if stock arrives. The cost of the workbooks listed below will be charged to student's accounts; the Japanese book is used in Year 7 & 8.

|   |         |
|---|---------|
| French - Tapis Volant 1 Workbook (covers Years 7 – 9) | \$35.00 |
| Japanese – iiTomo 2                                   | \$20.00 |
| Physical Education & Health Workbook                  | \$28.00 |

(Prices may vary slightly)
